Heating and Air Conditioning Alliance of Indiana

Code of Ethics

Foster the highest respect for our profession within the community by:

- Compliance with all ordinances and laws prescribed by Federal, State, and local governments, pertaining to our business.
- Maintaining a clean, respectable, well-identified place of business commensurate with the high standards of our profession.
- Engineering, designing, installing, and servicing HVACR systems in accordance with industry standards.
- Generating an understanding of proper equipment selection that would assure the customer of safe, dependable, and comfortable performance.
- Resolve to uphold the highest ethical standards of selling, advertising, pricing, installation and service guided by the principles of honesty and integrity.
- Increasing our efficiency through educational programs to contribute a portion of our time and the thought to the advancement of our industry through our Association.
- Promoting the growth of the industry through closer cooperation between the Heating and Air Conditioning Alliance of Indiana contractors and the manufacturers, wholesalers, and utilities serving our industry.
- Yielding an excellent policy of customer relationship and service and uphold the policies and warranties of the manufacturer.
